

Turning off Cellular Data on an iPhone

When traveling outside the US it is a good practice to turn off cellular data, to avoid costly charges.

1. Tap the Settings icon.	 Settings
2. Tap the Cellular icon.	 Settings Q Settings Airplane Mode <input type="checkbox"/> Wi-Fi union > Bluetooth Off > Cellular > VPN <input type="checkbox"/>
3. Tap Cellular Data button to turn off.	 Settings Cellular Cellular Data <input checked="" type="checkbox"/> Cellular Data Options Roaming On >
4. Finished.	 Settings Cellular Cellular Data <input type="checkbox"/> Cellular Data Options Roaming On >
